Agency

Time Frame

Authorization Period		Session Frequency	
----------------------	--	-------------------	--

Context

Outpatient		In-Home		Community		Hospital	
Residential		School		Shelter		Other:	

Group Plan:

Is the group ready for Storiez? Why/why not? If not, when might it be ready?

Are there issues that the group should work on prior to introduction of Storiez?

How can I incorporate Storiez into the existing group process?

How detailed can group members' stories be based on the limitations of my setting?

How would I introduce Storiez to the group?
